

According to OSHA HCS and GHS - Canada WHMIS 2015

Revision date: 2025-08-01

SECTION 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

1.1 Product Identifier

Product form : Mixture
Trade name : VeloSkin

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses : Stain Block

1.3 Details of the supplier of the safety data sheet

Company Progressive Fastening
1190 N Del Rio Pl. Ontario, CA
91764

Telephone Fax
Email
Website : 909-945-5530
support@htspoly.com
www.htspoly.com

1.4 Emergency telephone number

INFOTRAC (24 hours/day)

1-800-535-5053

SECTION 2. Hazards Identification

2.1 Classification of the substance or mixture

Classification according to OSHA-HCS and GHS-Canada WHMIS 2015 Not classified

See section 16 for full text of H-phrases.

2.2 Label elements

Labeling according to the Globally Harmonized System (GHS) Not classified

Signal word : Not classified

Hazard statements

Not classified

Precautionary statements

Not classified

2.3 Other hazards

Material does not meet the criteria for PBT or vPvB in accordance with REACH Annex XIII.

SECTION 3. Composition/information on ingredients

3.1 Substances

Not applicable. This material is not defined as a substance.

3.2 Mixtures

This material is defined as a mixture.

Components contributing to the classification of this material

This material does not contain any hazardous substances required to be mentioned.

Components not listed are either non-hazardous or are below reportable limits. Concentrations are in percent by weight.

SECTION 4. First aid measures

General information

Do not leave victim unattended. Show this safety data sheet to doctor in attendance.

4.1 Description of first aid measures

Inhalation

Provide fresh air if light-headed or having difficulty breathing. Provide artificial respiration if needed. If difficulty breathing persists, seek medical attention. If unconscious, place victim on their side for transport to medical facility.

Skin

Remove contaminated clothing and wash affected area with soap and warm water. If irritation persists, seek medical attention. Launder contaminated clothing and shoes prior to reuse.

Eyes

Flush immediately with cold water for 15 minutes. Remove contact lenses. Keep eye wide open while rinsing. Get prompt medical attention.

Ingestion

Seek immediate medical attention. Do not induce vomiting. If spontaneous vomiting occurs keep victim's head below hips to prevent aspiration into lungs. Do not leave individual unattended.

4.2 Most important symptoms and effects, both acute and delayed May cause eye irritation. If swallowed, may cause nausea and vomiting.

4.3 Indication of any immediate medical attention and special treatment Treat symptomatically. Seek immediate medical attention if ingested.

SECTION 5. Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media

Standard procedure for chemical fires. Use dry chemicals or foam. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media

Water may be unsuitable as an extinguishing media but helpful in keeping adjacent areas cool. Avoid spreading burning liquid with water used for cooling purposes. Do not use water jet.

5.2 Special hazards arising from the substance or mixture None

inherent to this product.

Hazardous decomposition products formed during combustion Carbon oxides, aldehydes, acids

5.3 Advice for firefighters

Evacuate area. Firefighters should use standard protective equipment and should use self-contained breathing apparatus in enclosed spaces. Use water spray to cool surfaces exposed to fire and to protect personnel.

SECTION 6. Accidental release measures**6.1 Personal precautions, protective equipment and emergency procedures**

Use personal protective equipment. Ensure adequate ventilation. Keep sources of ignition and hot metal surfaces isolated from spill.

6.2 Environmental precautions

Prevent product from entering drains, waterways, sewers, and soil. Stop spill at source and prevent further leakage or spillage if safe to do so. Notify proper authorities if product enters sewers or public waters.

6.3 Methods and material for containment and cleaning up

Flush spilled material into suitable retaining areas or containers. Small amounts of spilled material may be absorbed with standard absorbent such as sand, vermiculite, or diatomaceous earth. Confine spill and place into suitable closed container for disposal. Dispose of in accordance with regional, national, and local laws and regulations.

6.4 Reference to other sections

Section 7: safe handling. Section 8: personal and protective equipment. Section 10: incompatible materials. Section 13: disposal information. Section 16: full text of abbreviations.

SECTION 7. Handling and storage**7.1 Precautions for safe handling**

Use in a well ventilated area or use appropriate respirator when ventilation is inadequate. Do not breathe vapor. Wear personal protective clothing and equipment as indicated in Section 8. Eliminate all sources of ignition. Do not ingest. Use good industrial hygiene practices in handling this material. Do not smoke, eat or drink while using this product. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and leaving work. Clean up spills as soon as they occur. Empty containers may contain residual amounts of this product and should be handled with care. Do not reuse containers.

7.2 Conditions for safe storage, including any incompatibilities

Store in accordance with local regulations. Store in a dry, cool and well-ventilated area away from direct sunlight. Avoid freezing. Store away from incompatible materials (see Section 10) and food and drink. Store in original container. Keep container tightly closed when not in use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Provide appropriate fire extinguishers and spill cleanup equipment in or near storage area. Keep unauthorized personnel away.

7.3 Specific end uses See section 1.2

SECTION 8. Exposure controls/personal protection

8.1 Control parameters

Ingredients with limit values that require monitoring:

Contains no substances with occupational exposure limit values.

Ingredients with biological monitoring guidance values (BMGV) and/or biological exposure index (BEI): Contains no substances with biological monitoring guidance values.

8.2 Exposure controls

Engineering controls

Provide adequate local exhaust ventilation. Maintain eye wash fountain and safety shower in work area.

Personal protective equipment

General protective and hygienic measures

Do not eat, drink, or smoke while using. Wash hands before breaks and at the end of workday. Immediately remove all soiled or contaminated clothing.

Eye and face protection

Chemical safety glasses with side shields, goggles or face shield are recommended. Eye wash stations are recommended for the work area.

Skin and body protection

Wear chemical resistant clothing and shoes. Safety showers are recommended for the work area.

Respiratory protection

Provide sufficient general and/or local exhaust. If engineering controls are not sufficient to protect worker health use a half-face filter respirator approved under applicable regulatory standards.

Hand protection

Wear chemical resistant impervious gloves. Glove suitability and breakthrough time will differ depending on the specific use conditions. Contact the glove manufacturer for specific advice on glove selection and breakthrough times for your use conditions. Inspect and replace worn or damaged gloves.

Environmental controls

Prevent product from entering drains. Stop spill at source and prevent further leakage or spillage if safe to do so. If product contaminates rivers and lakes or drains, notify proper authorities.

SECTION 9. Physical and chemical properties

Physical state

: Liquid

Physical form

: Liquid

Color Odor

: Clear

: Mild

Odor threshold	: No data available
Melting point	: Not applicable
Freezing point	: No data available
Initial boiling point and boiling range	: No data available
Flammability	: Not classified
Upper flammability limit	: Not applicable :
Lower flammability limit	: Not applicable
Flash point	: > 100 °C (> 212 °F)
Auto-ignition temperature	: No data available
Decomposition temperature pH	: No data available
	: 4.5 - 6.5
Viscosity	: 50 - 100 cP
Solubility (water)	: Fully soluble
Partition coefficient n-octanol/water (log value)	: No data available
Vapor pressure	: No data available
Relative density at 24 °C (water = 1)	: 1.20 - 1.60
Volatile organic compounds (VOC) VOC	
- actual	: 1 g/L
VOC less water & exempt solvents	: 10 g/L
SECTION 10. Stability and reactivity	

10.1 Reactivity

Not reactive under normal conditions of use. Do not store in unlined metal containers.

10.2 Chemical stability

Stable under normal conditions of use.

10.3 Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

10.4 Conditions to avoid

Avoid heat, sparks, open flames, hot surfaces, or other sources of ignition.

10.5 Incompatible materials

Strong oxidizing agents

10.6 Hazardous decomposition products

Carbon oxides, aldehydes, acids

Germ cell mutagenicity
Carcinogenicity
Reproductive toxicity
STOT-single exposure
STOT-repeated exposure Aspiration hazard

SECTION 11. Toxicological Information

11.1 Information on toxicological effects

Acute toxicity
Skin corrosion/irritation
Serious eye damage/irritation
Respiratory or skin sensitization

SECTION 12: Ecological information

12.1 Toxicity 12.2 Persistence and degradability 12.3 Bioaccumulative potential 12.4 Mobility in soil 12.5 Other adverse effects

Safety Data Sheet

12.6 General notes

: Not classified

SECTION 13. Disposal considerations

: Not classified

13.1 Waste treatment methods

: Not classified

: Not classified

: Not classified

: Not expected to be toxic.

: Expected to be inherently biodegradable.

: No data available

: No data available

: No data available

: No data available

: Not classified

: Expected to be slightly irritating

: Expected to be slightly irritating

: Not classified

: Not classified

Dispose of in accordance with regional, national, and local laws and regulations.

Material disposal

: Do not dispose of waste into sewer. Do not contaminate ponds, waterways, or ditches with product or used container. Send to a licensed waste management company.

Container disposal

: Do not dispose of waste into sewer. Do not contaminate ponds, waterways, or ditches with product or used container. Send to a licensed waste management company.

SECTION 14. Transport information

14.1 UN number Not regulated

14.2 UN proper shipping name

DOT : Not regulated

ADR : Not regulated

IMDG : Not regulated

IATA : Not regulated

14.3 Transport hazard class Not regulated

14.4 Packing group Not regulated

14.5 Environmental hazards Not regulated

14.6 Special precautions for user
Not regulated

14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code

VeloSkin

Safety Data Sheet

Not regulated

14.8 Additional information Not regulated

SECTION 15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture No information available for this material. Information provided is for components.

OSHA Hazard Communication Standard

This material is not hazardous in accordance with OSHA HazCom 2012, 29 CFR 1910.1200

Superfund Amendments and Reauthorization Act (SARA)

SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 311/312 Hazard Categories

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 311/312.

SARA 313 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 313.

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) No chemicals in this material are subject to the reporting requirements of CERCLA.

California Proposition 65

No chemicals in this material are subject to the reporting requirements of California Proposition 65.

This product contains the following Right to Know components:

Component

None known

U.S. State Right to Know list

: Massachusetts, New Jersey, Pennsylvania

Regulation (EC) No 1907/2006, Title VII, Article 57 - Substances of Very High Concern (SVHC) No components of this material are listed.

Regulation (EC) No 1907/2006, Annex XIV - List of Substances Subject to Authorization No components of this material are listed.

Regulation (EC) No 1907/2006, Annex XVII - Restrictions of Certain Dangerous Substances, Mixtures and Articles
No conditions of restriction

International Agency for Research on Cancer (IARC)

This product contains the following chemicals classified by IARC as carcinogenic: None known

Chemical inventories

Components are listed or exempted from listing on the following chemical inventories:

AICS Australian Inventory of Chemical Substances

Safety Data Sheet

DSL / NDSL	Domestic Substances List / Non-Domestic Substances List
EINECS	European Inventory of Existing Commercial Chemical Substances Existing
ENCS	and New Chemical Substances
IECS KECI	Inventory of Existing Chemical Substances Produced or Imported in China Korea Existing Chemicals Inventory
NZIoC	New Zealand Inventory of Chemicals
PICCS	Philippine Inventory of Chemicals and Chemical Substances Taiwan
TCSI	Chemical Substance Inventory

TSCA	Toxic Substances Control Act
